Filed: 7/27/00

REMARKS

1. This is in response to the Restriction Requirement dated 3/26/02.

2. Applicant provisionally elects Group I with traverse.

The Examiner has indicated that, if Group I is elected, Applicant should also elect a single disclosed species in Group I and submit a compound species claim commensurate therewith. Applicant provisionally elects with traverse the species having an acridinium nucleus, as disclosed in claim 4, and selects claim 4 as the species claim. Applicant believes that claims 4-17 and 23-29 should be included in this species. Claims 5-17 are dependent on claim 4. Claim 23 (and claims 24-25 dependent thereon) and claim 26 (and claims 27-29 dependent thereon) are also claims with acridinium compounds.

Claims 23 and 26 were initially dependent on claim 2 but have been amended to be dependent on claim 4. This is necessary, since claims 23 and 26 rely on the definitions of R_1 , R_{2a-c} , etc., which are defined in claim 4.

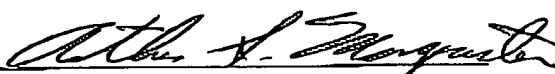

3. The PTO is ~~requested~~ to change the Attorney Docket Number from MOI-17002 to CCDLT-300XX.
